About *Drone Tactics*

Transported to an alien world, you find yourself in the middle of a great conflict. An army of evil Drones is on the march, threatening to obliterate the land of Cimexus. Its inhabitants now turn to you to lead them in battle against the Black Swarm. Each level offers new challenges, and taking full advantage of each Drone's unique specialties will be the difference between success and defeat!

Key Features

- *Build and command your own Drone army* – Wreak mechanical havoc with your squad of insect mechs, choosing from over 100 weapons, upgrades, and power-ups to optimize your forces.
- *Conquer dozens of campaign operations and over 50 additional maps* – Take on the forces of the Black Swarm then confront the challenges that wait in the mysterious Badlands.
- *Battle for domination in head-to-head combat* – Friends become enemies in local wireless play.

Drone Tactics has not yet been rated by the ESRB.
